

Relish the past, present and future in the cultural and industrial heart of Europe at the

MIAS INTERNATIONAL SUMMER SCHOOL

MIAS
SCHOOL
OF BUSINESS
CTU IN PRAGUE

1

Welcome to Prague

The Czech Republic lies right in **THE HEART OF EUROPE** and, with just 10 million inhabitants, features 12 UNESCO World Heritage sites, including the historical center of its capital Prague.

Influential **CZECH INVENTIONS** include sugar cubes, railway signals, one of the most widely used types of water turbine, the Bren machine gun used by Commonwealth armies in WW2, as well as the laws of genetics and contact lenses.

CZECH COMPANIES are strongly positioned in automotive and glass manufacturing, dominate the world market in jet training airplanes and include successful start-ups known for nanoparticle-based innovations or computer games.

Well-known **BRANDS OF CZECH ORIGIN** include Škoda cars, Baťa shoes and the Semtex explosive. The generic words Pilsner and Budweiser actually derive from the names of Czech cities with centuries-old brewing traditions.

NOTABLE PERSONS who lived and worked in Prague include Wolfgang Amadeus Mozart, Albert Einstein and Franz Kafka.

2

Enjoy Quality in Education

The **CZECH TECHNICAL UNIVERSITY IN PRAGUE** is over 300 years old. More than 8,000 undergraduate, graduate and post-graduate students annually enroll at its 8 Technical Faculties and the MIAS School of Business. Its numerous areas of research excellence range from Industry 4.0 and Smart Cities initiatives to advanced nanotechnology, propulsion, navigation and artificial intelligence applications.

The **MIAS SCHOOL OF BUSINESS** recently celebrated its 25th anniversary, taking up a century-old tradition of robust business and language education at the CTU. Its 1,500 students combine a proficiency in economics and business with excellent industry insight and outstanding language skills, and their ranks include a sizable proportion of international students.

MIAS SUMMER SCHOOL students take a major course worth 6 ECTS and a minor course worth 3 ECTS, which may be recognized by their home Universities based on the official transcript. Its inspiring teaching environment emphasizes teamwork of students with different cultural and educational backgrounds, development of diverse talents and a hands-on approach including projects, site visits and individual feedback.

3

Feel Secure and Comfortable

MIAS Summer School tuition includes **FULL ASSISTANCE AND SUPPORT** to students from their arrival to Prague up to their departure, including individual airport pick-up and discharge.

CONVENIENT ACCOMMODATION is provided in a dormitory right next to the MIAS School of Business building where classes are taken.

The itinerary includes **ORGANIZED TRIPS, SITE VISITS AND SIGHTSEEING** in Prague and other parts of the country.

Optional **EXTRA-CURRICULAR PROGRAM** organized by Czech students lets everyone know each other, find their way and have a good time at their own convenience.

Prague has a comprehensive, well-organized and safe **PUBLIC TRANSPORT SYSTEM** and students get their own map and complimentary season ticket upon arrival.

4

Become International

The MIAS Summer School gives many undergraduates their **FIRST TASTE OF STUDYING AND LIVING ABROAD.**

Over the three weeks, **FRIENDSHIPS, NETWORKS AND EXPERIENCES** are created that reach beyond borders, cultures and particular professional interests.

Many overseas students use the MIAS Summer School as a convenient starting point for their **OWN EXPLORATION OF EUROPE** over the rest of their holidays.

Students thus become prepared to achieve their **PERSONAL INTERNATIONALIZATION OBJECTIVES**, such as taking part in exchange programs, internships, full degree studies abroad and working for international companies.

“Thank you so much for this fantastic lessons and trips.”

“I love everything in here.”

“The teachers are excellent, as well as the coordinators who really help us quite a lot.”

“The cultural trip is good, the accommodation is nice.”

CONTEXTS OF INDUSTRIAL HERITAGE MIAS SUMMER SCHOOL 2018

Relevant education

Contexts of industrial heritage

Hands-on experience

Site visits and events

Czech history & culture

Cultural trips and experience

Leisure time

Explore Prague & Central Europe

CZECH TECHNICAL UNIVERSITY IN PRAGUE

Contexts of industrial heritage

AIM OF THE COURSE: By the end of the course students will become well acquainted with historical trends and highlights in industrial innovation that ultimately brought us the current state of technology, society and welfare. They will focus on understanding the diverse evolutionary processes and determinants, as well as the feedbacks between technological and societal developments.

EXTENT: 56 hours in total (in class, project research and preparation, site visits, project presentation). Students working in teams will submit and present a project related to the topic.

6 ECTS CREDITS

Czech history and culture

AIM OF THE COURSE: By the end of the International Summer School students will get acquainted with the most interesting periods of Czech history, the City of Prague and other notable places. They will understand the local traditions, habits and culture. As a result of their frequent visits and references by locals, students will become well oriented, thus improving the satisfaction of spending more time in the city by themselves.

EXTENT: An introductory session and final debriefing, events experiencing the Prague City and culture, field trips to other locations in the country and more. Students will transform their insights and perspectives into a video presentation.

3 ECTS CREDITS
