II.

Measures to mitigate risk of infection

- (1) No students arriving from the People's Republic of China (PRC) or from abroad or from areas affected by quarantine will be enrolled in the 2020 summer semester, nor possibly in the following semesters; in case such students have already been enrolled, their studies will be interrupted until 26 June 2020, or for a longer period of time as necessary, if the development of the coronavirus infection requires it. The restriction referred to in this paragraph shall not apply if a student arriving from the People's Republic of China proves that they arrived in the Czech Republic no later than on 25 January 2020. Enrolment may be permitted and the restriction referred to in this paragraph shall not apply if the enrolment can be done remotely (with the use of electronic means of distance communication or, where appropriate, through a proxy – a person that is not under quarantine, etc.).
- (2) Persons who visited the PRC, Hong Kong, Iran, Japan, Singapore, South Korea or Italy on and after **11 February 2020** (hereinafter referred to as the "**areas of risk**") are at risk of being exposed to the coronavirus infection. Such persons are not allowed to enter the CTU premises and operations, in particular to attend classes, visit canteens, libraries, offices and other common areas for 14 days after their return to the Czech Republic, and must comply with the following rules:

¹ As amended by Amendment No. 1 and Amendment No. 2

 - d) If the nature of their work does not allow them to work from home (e.g. in case of administrative staff and manual workers), the employer will not assign any work to the employee under their work contract for **14 calendar days** after their return from an area of risk and will forbid them to enter the workplace during this period; in this case, the situation is regarded as an obstacle to work on the part of the employer and the employee is entitled to be **paid at the rate of their average wage**.

The CTU information system ("KOS") will also be used to provide information to students.

The Novoměstský Hotel is subject to a special regime.
 - h) Reception of **foreign guests** is forbidden.
- (8) Persons (students or employees at CTU) who are **placed under quarantine** or who have been infected by coronavirus must report this fact without delay by email to: koronavirus@cvut.cz, including whether they were at CTU premises in the last 14 days and if so, where and with whom at CTU they met.
