

NON-SEMESTER COURSE

**INTERNATIONAL
PROJECT WORKSHOP**

October – December 2024

INTERNATIONAL PROJECT WORKSHOP

Are you a student of the Bachelor degree program ?

Are you tired of learning only from books and you want to test your knowledge in praxis ?

Are you a team player who is not afraid of challenges ?

Do you want to meet representatives of private sector companies and solve real work projects ?

Do you want to experience working in international team ?

If your answers are YES, then IPW is the right opportunity for you !

WHAT IS IT ABOUT

The project introduces the **world of business to university students**, offering them an opportunity to test their theoretical knowledge by **solving real business tasks in an international environment**. In this way, students are offered better chances in their professional lives. In addition, they get the opportunity to **spend a week at a foreign partner university**, and their stay is largely financed by companies and EU.

HOW IT HAPPENS

Students meet at the beginning of the course **during the kick-off week in Prague**. During the first meeting, the companies present the project assignments which the students will work on. All participants get to know each other and students usually visit the companies and learn more about their tasks. With the help of academic tutors, students define the standards and strategies of their subsequent work. **In the following weeks teams work online** and regularly present their achievements to both the academic tutors and the companies. **In the last week** of the course, **all students meet again** – this time **at the other partner university**. The teams have time to finalise their reports and prepare their presentations. They deliver their papers to jurors from both the universities and the companies.

WHEN

IPW **begins** in **October** by a kick-off week workshop, here at MIAS CTU. As it is the beginning of a new semester, it is taken into account, if you have to attend your other classes too. As a reward, **you spend** your **final week** of the workshop (December), **in Görlitz** and you will be excused from common study obligations.

WHAT DO YOU GET

IPW is not that easy and you will have to invest your time and abilities. On the other hand, it is a **real opportunity** that is hard to refuse! This workshop will give you:

- *Useful knowledge and contacts*
- *Experience in working in international teams*
- *Connection of your knowledge with work experience*
- *A week in Görlitz in Advent Time*
- *A chance to practice/improve your English*

HOW TO APPLY

Send us following documents, on IPW@cvut.cz

- *CV*
- *Application form*
- *Motivation letter*

ANYTHING ELSE YOU WISH TO KNOW ?

Write us on IPW@cvut.cz

www.muvs.cvut.cz/en/ipw/

We are looking forward to see you!
